

**GOVERNMENT OF ANDHRA PRADESH
HEALTH MEDICAL & FAMILY WELFARE DEPARTMENT**

Order No.88 /COVID-19/2020

Date: 22.12.2020

COVID INSTANT ORDER -88

Sub: HMFWD – COVID-19 –creation of assets in private COVID hospitals in the state to manage the surge in August 2020– decline of cases- re allocation of assets from private hospitals to Government hospitals in respective districts -certain instructions issued –reg

Ref: HMFWD-COVID Instant order 87 dated 18.12.2020

Covid-19 pandemic was unprecedented in its scale as well as quick spread across the world. During the pandemic, Government of AP has taken the challenge and made elaborate arrangements for contact Tracing, Testing, Isolation and providing Treatment to the infected people as well as in containing and controlling infection.

In the process, the government has declared the various private hospitals along with Government hospitals as COVID hospitals so as to ensure treatment facility beyond the government owned hospitals and as many as 243 hospitals have served as COVID hospitals in the state. While making the government and private hospitals as COVID hospitals, the government has assessed the infrastructure available in the above hospitals and has taken steps to fill the inadequate health infrastructure, and all the COVID hospitals are equipped with Oxygen Cylinders, Ventilators and oxygen concentrators. Besides, CCTVs also installed for real-time monitoring of the patient care and facilities.

As infection rate is remarkably low, the District Collectors are permitted to de notify certain covid hospitals (as per Covid instant order 87) in their district so as to continue their regular services as they were delivering prior to notification as Covid hospitals. In view of this, wherever the private hospitals were de notified, the additional infrastructure enhanced by government by supplying 'D' type (bulk) cylinders, Ventilators and Oxygen concentrators and other medical equipment are no longer in use.

Hence, the Government requests all the District Collectors to take over the additional infrastructure supported during the covid to de notified private hospitals and they shall be judiciously allocated and installed in the government hospitals. While allocating, the priority shall be given to teaching Hospitals, District Hospitals, Area Hospitals and Community Health Centers in the same order.

Other equipment placed in the private hospitals shall also be similarly transferred back to the government hospitals. List of such equipment transferred is maintained by respective superintendents of hospitals concerned and same shall be ensured. Oxygen tank infrastructure installed shall also be similarly transferred to government hospitals.

The Joint Collectors (Development) shall coordinate the asset re allocation and installation in the respective Government hospitals as per priority and need assessment done at district level.

The stocks thus received by the Government Hospitals shall be added to the inventory (stock registers) of the concerned government hospitals and the same should be informed to Director of Medical Education and Commissioner APVVP.

Principal Secretary to the Govt.

Encl:

1. Ventilators status
2. Oxygen Cylinder status
3. CCTV details

To

All the Collectors and & District magistrates in the state
Director of Medical Education , AP ,Vijayawada
Commissioner, APVVP
All Superintendents of concerned hospitals
All the DMHOs in the state
