4.CRS Software:

4.1 Implementation: CRS Software which was developed by Office of Registrar General India (ORGI), New Delhi is being implemented in all the Birth and Death registration units in the state i.e. Gram Panchayats, Govt Health Facilities and Municipalities from 01.11.2015, 01.05.2016 & 01.12.2016 respectively.

4.2 Trainings: No physical trainings have been conducted due to non-availability of budget from ORGI / State Government. However, virtual trainings were conducted to newly recruited / promoted / transferred registrars and assisting staff in the entire state and also clarified their doubts as and when required. Training Budget from ORGI are solicited in this regard.

4.3 Manpower: The Registrar General and Census Commissioners vide order No 6/11/2013/VS/CRS dt: 25.07.2014 have sanctioned one State Co-Ordinator and 14 Data Processing Assistants. Accordingly, one State Co-Ordinator and 14 Data Processing Assistants have been filled and trained in CRS and working at State and District levels with the financial support of RGI, New Delhi till 31/03/2017.

However, vide Lr.No.6/11/2016-VS(CRS), Dated:14.03.2017 of Joint Secretary & Addl. RGI, ORGI, New Delhi, the RGI has discontinued the financial support for the hired manpower and suggested to meet the expenditure from the State Government funds. Accordingly, NHM, GoAP has pleased to accommodate all the staff from 01.04.2017 onwards by incorporating in State PIP.

Due to reorganization of the districts from 13 to 26 districts, there is a dire need of DPAs for newly formed districts to resolve the CRS Portal issues time to time.

4.4 Benefits of Implementation of CRS S/W: The mechanism of Registration of Birth & Death and issue of Certificates is very simplified to the Registrars as well as General public. However, we need to address the following issues:

1. Citizen access has been disabled in the CRS Portal for a long time. Because of this, citizens have to visit the registration unit wherever the events have been registered.
2. In UBD Software citizens can approach nearby Meeseva/CSC centres to get their certificates without visiting the registration unit easily.
3. Now, data porting from UBD to CRS is under process, it is pending with ORGI for want of Revamped CRS Portal. Once data porting is over, citizens have to visit their registration units to get their certificates, as there is no provision in CRS Portal to get their certificates nearby places. For this the following arrangement is to be made.
4. In the State of Andhra Pradesh, there is a system of Grama/Ward Sachivalayams (GSWS) at village level to cater the needs of citizens at their doorstep with the support of Grama Volunteers. More than 500 services are being delivered through GSWS. But, CRS Portal is not able to support the GSWS. Hence, it is highly recommended to provide APIs to GSWS to facilitate the GSWS in printing Birth and Death certificates/ to apply for updation of certificates at village level itself.

It is very useful to monitor the registration system at District level and State level, If, ORGI can provide certain provisions in the CRS portal i.e Any event cancellation request has to be submitted to CRBD for approval through CRS portal only and also the line list of cancellations /corrections made available at all levels i.e CRBD, DRBD and RUs.

5. Issue of Births and Deaths Certificates:

5.1 Section 12: The Certificates are being issued by all Registrars of Births & Deaths of both urban and rural at free of cost under section 12 of RBD act 1969 immediately after registration of the event. In this regard, the Chief Registrar of Births and Deaths is issuing instructions from time to time to the local Registrars for issuance of certificates on free of cost under Section 12.

5.2 Section 17: URBAN: The Registrars of Municipality/Municipal Corporations and health facilities located in urban areas are issuing the certificates under section 17 of RBD Act, from records available with them.

5.2 Section 17: RURAL: The Registrars of Gram Panchayaths/health facilities located in Rural area/ other institutions are issuing the certificates under section 17 of RBD Act, from records available with them. The custodian of the old records in respect of Gram Panchayath is Mandal Revenue Officer of the concerned mandal.

In respect of issuance of Birth and Death certificates under section 17 standard instructions were issued to all Registrars to collect the fees as prescribed by the Government. However, most of the citizens extracting copies through QR Code whenever they needed.

The number of extract/certificate copies of birth and deaths issued in the year 2023 under section-12 & section-17 as follows:

S.No	Name of the State	No. of extract/certificate copies of birth and deaths issued in the year 2023	
		Under Section 12	Under Section 17
1	Andhra Pradesh	1054420	598472

6. Strengthening the Registrar's Offices by preservation of old registers (Digitization of Records):

As of now, most of the ULBs have completed the substantial quantity of events digitalization among old records from 2005 to 2016. If the data porting completed from UBD to CRS portal, most of the events made available in digital mode henceforth.

7. Inter Departmental Coordination Committee (IDCC) Meetings:

The IDCC meeting was conducted in the year 2021 on 04.10.2021. For the year 2022 the necessary file was circulated to fix up the date by Principal Secretary to Government. The date fixed on 9th May,2023, however, it was cancelled due to some unavoidable reasons. But, few meetings held at Chief Secretary level on CRS during the year i.e 10-01-2023, 10-03-2023, and 14-06-2023 with all other line department officials. It gave a boost to CRS Programme in the state.

8. Birth & Death Registration Status:

As a result of implementation of CRS software, the reporting levels have been improved and also improved accuracy in registrations. The reporting status for the last five years is as follows:

Year	% of Reporting	% of Births Registered	% of Deaths Registered
2019	99.9	88.7	112.6
2020	100.0	83.2	128.1
2021	100.0	87.8	160.7
2022	100.0	90.1	128.6
2023	100.0	91.2	131.9

9. Inspections:

Inspection of registration units by various officers under Section 18 of RBD Act 1969 in the year 2023 is as follows:

S.No	Name of the State	No. of registration units inspected in the year 2023	
		Rural	Urban
1	Andhra Pradesh	842	159

In addition to the above, officers from DCO and CRBD are also visited some of the registration units.

10. Penalties:

Show cause notices were issued to the Registrars by the District Registrars, where Birth and Death events were registered fraudulently without proper field verification.

11. Flow of Returns from the Notified Panchayats:

CRS Software is being implemented in all the Registration units. CRS reports are being collected from ORGI Portal. However, delivery data is also being collected from HMIS for all the institutions so as to track the missing registrations.

12. Circulars/Instructions to strengthen the CRS:

In every month a zoom meeting is being organized to review CRS activities with district registrars. Instructions have been issued time to time to all the District Registrars to register the backlog events and to crosscheck the Births reported in HMIS and registered in CRS Portal for ensuring registration of missing Birth events. Instructions were given to District Registrars to arrange to collect Births occurred in each Government & Private hospital from January' 2023 to December' 2023 and verify the same Births registered in CRS portal or not, and arrange to register the missed Births if any. Time to time clarifications are also being given by CRBD whoever requested. Any correspondence from CRBD in relation to CRS /MCCD a copy is being marked to ORGI, New Delhi.

In addition to the above, certain review meetings were conducted under the chairmanship of Chief Secretary to the Govt. of AP to ensure every birth and death to get registered and also to ensure every child to get enroll Sishu aadhar on 10.01.2023, 10.03.2023 & 14.06.2023.

13. Publicity on CRS:

Publicity on Civil Registration System could not have taken up by this office during year 2023 due to non-release of funds both by GoI and GoAP. However, certain steps have taken up to create awareness on Registration of Births and Deaths:

District Registrars have been requested to instruct Registrars of Registration Units to ensure display of posters in all public places with in the RUs.

Commissioner, Women & Child Department, Andhra Pradesh, Vijayawada was also requested to issue instructions to Project Directors to arrange for distribution and display of posters at Anganwadi Centers and to ensure Anganwadi workers notify Births / Deaths regularly to village Secretaries.

14. General Responses of the Public on CRS Program:

The general response of the public towards Registration of Births and Deaths has been improving. After implementation of CRS Software wide publicity has been arranged to obtain the Birth and Death certificates directly from the portal by the General public. But, this provision for accessing the Birth/Death Certificates was provided till April 2017 only. Due to this general public are not able to use this option from April, 2017 onwards.

At the time of implementation of CRS S/W, the DRG, O/o RGI has informed that, the General Public can directly apply for the Birth/Death Certificates, Name entries & Corrections in the CRS Portal.

In view of this many complaints are being received by the General Public requesting to activate the provision for applying corrections, name entries and obtaining certificates directly from the CRS Portal.

15. Medical Certification of Cause of Death:

The scheme of MCCD has been implemented in all hospitals in the State in both urban and rural areas. Government vide its orders No. 27, dated: 12-01-2000 had made certification of cause of death compulsory for all institutional deaths occurring in urban and rural areas in Form No 4, and the non-institutional deaths occurring in urban and rural areas in Form No 4A.

As no budget has been released by the ORGI since 2017-18, no trainings were conducted. However, virtual trainings were conducted on MCCD.

16. Difficulties Encountered in Implementing the Registration of Births and Deaths Act 1969 :

16.1 Administrative: The posts of Statistical staff have been sanctioned for the Municipalities which have a population of 30,000 and above as per 1971 census, as per the staff pattern prescribed by the Registrar General, India, New Delhi. Even though many municipalities have reached more than 30,000 population, no fresh sanction of posts are

made till to date, due to which the implementation of Vital Statistics and Registration of Births and Deaths could not have strong footing.

District Registrars of Births and Deaths have been requested to deploy district level Program Officers and Statistical staff to inspect Registration Centres regularly every month to ensure proper reporting under Civil Registration System. However, this could be taken up only to a limited extent now, due to lack of sufficient traveling allowance budget for statistical personnel working at District level.

16.2 Budget: The printing of statutory forms, trainings on CRS/MCCD and publicity on CRS are main components in implementation of Civil Registration System. But, there is no budget releases for the last five years neither from Registrar General India nor from State Govt. The above three components are most essential for successful implementation of RBD act.

16.3 Data Porting: The issue of Data porting from UBD to CRS software is in the final stage. Data backup was completed successfully. Porting tool also tested successfully by the ORGI/NIC technical teams. Entire data of UBD was also Pushed to porting tool by NIC, and it is pending with ORGI to receive into CRS Portal. There are around 1.8 Crore legacy events in UBD.

17. Standardized Birth and Death Certificates:

As per the instructions of the RGI, action has been taken to standardize the Birth and Death Certificates, duly taking care of the changes suggested in the Certificates, vide G.O.MS. No. 59 HM&FW Department Dated: 18-02-2007.

Additional columns, such as 'Age of Husband/Wife' and 'Contact details of husband/wife' of the Husband/wife were included in the Death Reporting Form (2) and Death Register Form (8).

Besides the above changes, empty Birth/Death certificates were designed as per the measurements of the Certificates issued from the CRS Software with watermark logo of Government of Andhra Pradesh and issued sufficiently to all the districts.

18. Prosecutions and Compounding Offence:

All the DM & HOs (District Registrars) and the Municipal Commissioners / Municipal Health Officers (Urban Registrars) were authorized to launch prosecutions and Compounding of offences and they have been instructed to exercise their powers of improvement of Registration under section 23 of the Registration of Births and Deaths Act 1969.
